M. Herzstein & Co. will winter
several thousand sheep on the
Cimarron river the coming winter,
at W. C. Whites's ranch, in this
county. They have heretofore
been driving to the Arkansas river
in Colorado, but finding they
can get all the alfalfa they want
at a great deal nearer home and about
the same cost, makes a great con-
venience. The ranchmen are fast
turning their attention to raising
alfalfa and other feed stuff so that
while the range is gradually play-
ing out stock will be wintered
better.

a-Lac and Liquid yepier.

stoves ever sold, try him for a
charter oak range, stove or heater.

Mr. John Howell, while drill-

town, at a depth of 300 feet struck
a vein of oil. Roy is somewhat elat-
ed over the prospects, and is con-
templating whether to go into the
trust or go it single handed. John
D. had better "Cuidado." This is
no new discovery in the wells that
have been drilled in this country
and sometime there will be inves-
tigations along this line and it is
possible that many of us will have
the often repeated story to tell. It
was our opportunity and we neg-
lected it. The natural formation
and general appearance of the face
of this county indicate that there
is some product beside grass that
can come from the earth.

Dr. Lane, was called this morn-
ing to see a patient at Garrett
Okla. Cale Giles accompanied her.

laying the foundation of
the new Methodist Episcopal
church.

Saturday, Nov. 11, at noon, the
saloon known as the "Peanut Sa-
loon," caught fire and in spite of
all efforts to save the same it was
destroyed. The building was own-
ed by Gonzales Garcia and was in-
sured. Geo. Guyer has the con-
tract for putting up another build-
ing in its place.

Dr. August Ringen went to Se-
dalia, Mo., taking his wife whose
health was failing. He expects to
return in a few days.

Another trunk was stolen from
the depot and rifled. This is the
fourth trunk stolen from the depot
in less than six months. There
seems to be an organized gang
working between Dalhart and
Trinidad. They will walk through
a car and if they find a passenger
asleep and his grip is handy they
will make off with it also.

held at the Methodist church.

THE STREET CARNIVAL.

The Street Carnival, owing to
the inclement weather has not had
an opportunity, for doing justice
to its self up to the present time.
laboring under the disadvantage of
the rain, and consequent muddy
condition of the streets, and for
the same reason, the urban and
suburban attendance has not
been what was anticipated. If the
good weather conditions contin-
ue the last day should have the
best attendance of all. The exhib-
its have been good and the per-
formers all that could be desired,
and the young people and children
have been greatly interested and
diverted.

The music furnished by the
home boys was strictly first class
and one of the principle features
of the carnival. The financial out-
come it is still problematical, but
there is still hope.

sister, over from Kenton Mrs.
Partidge who is returning to her

ing with relatives at Kenton.
